[mricanho@gmail.com](mailto:mricanho@gmail.com)

## SUMMARY

Full Stack Developer with a great love of building apps to solve today's problems. Skilled in the arts of organization, negotiation, and mediation. A strong believer in clean code and user experience, fluent in multiple languages, frameworks, and technologies, and capable of ramping up quickly and efficiently.

## EXPERIENCE

Globant, *Remote*

**Ruby Developer SSr** | February 2022 – Present

- I'm part of the first backend team for the new client Food52.

**Technologies:** Ruby, Ruby on Rails, GraphQL, Postgresql

Agency LA, *Remote*

**Full Stack Developer** | September 2021 – January 2022

- I concluded the strategic development objectives 2 months before the agreed date.
- Made 2 contributions to RedwoodJS open source on behalf of Agency.
- I finished 4 new integrations to be prepared to open in new cities and countries, working with APIs from Cloudinary and Twilio.
- I created over 80 tests for different parts of the frontend with Jasmine and around 10 for the backend.

**Technologies:** TypeScript, RedwoodJS, React, Prisma, Postgresql, GraphQL, Doppler

Lisa Insurtech, *Remote*

**Ruby on Rails Developer** | April 2021 – September 2021

- I took care of the backend for 2 of 3 repositories owned by the company. These technologies work with microservices.
- I integrated 3 new services into the applications. Which were very welcomed by the clients.
- In the first month at the company, I reduced the average ticket time by 20% for backend development.

**Technologies:** JavaScript, Ruby, Ruby on Rails, Angular, Docker

Microverse, *Remote*

**Code Reviewer** | October 2020 – April 2021

- Reviewed 500+ projects for junior developers, assessing front-end and back-ends for projects built in HTML & CSS, Ruby, Rails, and JavaScript.

IK Sustainable, *Remote*

**eCommerce Developer** | May 2020 – July 2021

- Learned Liquid in 2 weeks to build the style theme and meet the launch date of the eCommerce.
- Developed 2 apps for the company, including, a size chart and an app that connects to Instagram to display on the front page, increasing conversions and engagement by 2x.
- Achieved 2500+ daily visits due to improvements in SMO and SEO.

**Technologies:** JavaScript, Ruby, Liquid, HTML/CSS

## SKILLS

**Front-End:** JavaScript, TypeScript, React, Redux, Angular, HTML5, CSS3, Bulma, Bootstrap, Tailwind

**Back-End:** Ruby, Rails, PostgreSQL, Liquid

**Tools & Methods:** Git, GitHub, BitBucket, Gitlab, Heroku, Netlify, Mobile/Responsive Development, RSpec, TDD, Chrome Dev Tools, Docker, GraphQL, Doppler, Linear, StoryBook, Jasmine

**Professional:** Remote Pair-Programming, Teamwork, Mentoring

## PROJECTS

**EasyWeather (March-2021)**

- EasyWeather is a project to display the temp and weather conditions of the desired city cutely.

- Website focused on the latest sustainability articles.

- Ruby on Rails, Ruby, PHP, PostgreSQL, JavaScript.

Magma Labs, *Remote- Mexico*

**Freelance Full Stack Developer** | April 2020 – September 2020

- For Magma Labs I worked on two projects, Tamex, and Minimal Audio.
- At Tamex, along with another developer, take care of the foreign keys and databases relations between the products, categories, and classes.
- At Minimal Audio, I begin my journey with React and set the scope and models for the business logic.

**Technologies:** React, Ruby on Rails, PostgreSQL, Ruby, Stripe Connect

Izel, *Xalapa, Mexico*

**Co-funder, General Manager** | February 2018 – April 2020

- I founded IZEL as a way to disrupt the fashion industry and develop Just In Time production methods, using state of the edge technology and a multilevel marketing structure.
- 280 Izel representatives network in all Mexico
- 100K in sales for the first 7 months of operation
- With 2 more developers, we develop a system for the entire operation of the company, since the production of the clothing, the management of the sales force and the logistics of the deliveries.

**Technologies:** Ruby on Rails, MySQL, Ruby, Conekta, Ember

The Rolland Collection, *Bordeaux, France*

**Business Manager for LATAM and Asia** | January 2012 – May 2014

- Awarded a doubling in the size of my team by management, thanks to excellent initial results in the first 6 months of my tenure.
- Increased sales by 30% in Asia and 15% in Latin America in less than a year.

Budhi, *Mexico City, Mexico*

**Founder & Director** | August 2010 – November 2011

- Developed Maat software, the first administrative software in the country with a freemium model, built to emulate the decisions of professional admins.
- Managed Budhi's 2011 acquisition by Grupo Carso, including its software "Maat", to add it to GC's catalog of free services for small businesses.
